WARDEN'S REPORT 2018

ANOTHER YEAR OF EMPOWERING DREAMS

At Trinity College, we're all about empowering dreams. To do this, we focus on creating a safe and supportive environment that allows our students to flourish and encourages them to find their place of influence in the world, no matter where or in what role. Our strategic plan is guiding this process and we are making great strides in ensuring Trinity College continues to flourish as a thriving and reputable educational institution.

As 2018 drew to a close, we farewelled a number of staff from key positions, including Campbell Bairstow, who stepped down as Dean of the Residential College, and Denise Bush, who retired from her position as Dean of the Pathways School. While we are sad to lose them from our leadership team, we are also excited to welcome three new deans to Trinity College in 2019, having recruited new leaders of the Residential College, Pathways School and Theological School – Leonie Jongenelis, Richard Pickersgill and the Reverend Dr Robert Derrenbacker respectively.

We look forward to reporting on the achievements of the College and our new leadership team in the next annual report, but first let's celebrate some of our most important accomplishments from 2018.

WE ARE BUILDING A NATION-LEADING SCHOLARSHIP PROGRAM

We believe that the collegiate experience Trinity offers should be available to all students of exceptional promise, regardless of their cultural or socioeconomic background. Therefore, we have committed to building our scholarship program to become one of the biggest of all Australian higher education institutions by 2023.

WE ARE TAKING THE LEAD IN INDIGENOUS HIGHER EDUCATION

Improving access to higher education for Indigenous students is another priority at Trinity College. In 2018, we hosted the second Indigenous Higher Education Conference with 180 attendees from around Australia, as well as Trinity's first Indigenous art and knowledge symposium. We're also leading a collaborative effort with other colleges and the University of Melbourne to improve outcomes for Indigenous students.

WE ARE BUILDING A BETTER COLLEGE

We understand that making Trinity College accessible to more students means we need to provide high-quality facilities. Therefore, we're acting on our commitment to expand the Residential College to accommodate 87 more students as part of Project 100, our new residential facility. This building, which is on track for completion by late 2019, includes 100 student rooms, a new Junior Common Room (over two levels), a gym, a music room, five tutor apartments and one larger apartment for a senior Residential College staff member and family. We will welcome our first cohort of students to the building at the start of the 2020 academic year.

WE ARE STREAMLINING OUR PATHWAYS SCHOOL

Trinity College is on the way to implementing a two-campus model by consolidating our teaching spaces for the Pathways School. From mid-2021, our program will operate from the Gateway Building in Parkville, along with a new purpose-built space on Elizabeth Street to give our students the best possible learning experience.

Throughout the year, we had 1350 students graduate from our Foundation Studies program across four intakes, and we ran our successful Young Leaders Program with students from 20 countries, of which 90 students were supported by scholarships.

ONCE A TRINITARIAN, ALWAYS A TRINITARIAN

Our large and diverse alumni community remains a key asset of Trinity College. Last year, we launched our global alumni networking platform, My Trinity Connect, and more than 2000 alumni from 37 countries have joined within the last 12 months. The platform is proving to be effective in helping past students stay connected and access job and mentoring opportunities. We also held alumni relations events in 14 cities across 8 countries, because we know the value of maintaining a strong community as our past students explore the world and embark on their careers.

As always, we extend sincere thanks to the generous alumni and friends of Trinity who believe in our vision and donated around \$2.5 million throughout the year.

OUR RESIDENTIAL COLLEGE CONTINUES TO FLOURISH

In 2018, 280 students called our Residential College home, with 105 new and returning students offered scholarships totalling \$1.14 million. More than 100 tutorials and consultations were delivered each week and our students excelled academically and in sport and the arts, with our women's team winning the AFL and our men's team winning the men's first VIII intercollegiate boat race, while our resident thespians ran successful seasons of *The Producers* and *Rhinoceros*, to give just a few examples.

To ensure we have a clear understanding of the current collegiate environment, we have commissioned an external review of our Residential College culture. The review commenced in October and is being conducted by Adjunct Professor Marcia Neave AO, former judge of the Court of Appeal in the Supreme Court of Victoria and commissioner of the Victorian Royal Commission into Family Violence. The findings will allow us to focus our efforts on areas where we can continue improving the safety, support for and wellbeing of our students.

WE CELEBRATED STUDENT SUCCESS AT THE THEOLOGICAL SCHOOL

In 2018, 24 Theological School students graduated with diplomas and degrees awarded by the University of Divinity. Nine students were ordained deacon and nine were ordained priest in the dioceses of Melbourne, Ballarat, Wangaratta, Newcastle and Canberra-Goulburn. We proudly acknowledge the election of former students Peter Stuart as Bishop of Newcastle, Richard Treloar as Bishop of Gippsland, and especially Kay Goldsworthy AO as Archbishop of Perth.

We have been working on improving and expanding our curriculum and offered a full program of continuing education events throughout the year, plus developed six new units for 2019.

OUR CHOIR TOURED INTERNATIONALLY

We had the chance to share our music with the world when the Choir of Trinity College toured France and the United Kingdom through June and July, ticking off iconic venues such as Montpellier Cathedral, St George's Chapel at Windsor Castle, St Paul's Cathedral, and Christ Church Cathedral in Oxford. We know our choristers consistently perform at an international level, and tours such as this confirm their high standing.

All in all, we've once again had an incredibly successful year at Trinity College and highlighting these major achievements, which complement our day-to-day work, shows just how much we can accomplish in a year to help our students imagine and create a better world.

I look forward to reporting more successes in 2019 as a number of new and exciting projects take hold in line with our strategic vision.

STAFF ACCOMPLISHMENTS

Ms Julie Tsamis completed her Post Graduate Certificate in Human Resource Management in November 2018 at RMIT.

Ms Virandi Wettewa published a paper titled 'Is the grass really greener on the other side? The intricacies of getting the green light on sustainable education for Sri Lankan International schools'. The reference for this journal article is: Wettewa, V and Hulangamuwa, CJ (2018) 'Is the grass really greener on the other side? The intricacies of getting the green light on sustainable education for Sri Lankan International schools', *International Journal of Research*, 5, 23, 978-995.

Mr Andrés Bayer attended the Australian International Education Conference in Sydney, October 9-12th. During the Conference, themed *Empowering a New Generation*, Andrés organised and co-hosted a session on Artificial Intelligence and Marketing as part of his role as Deputy Convener for the Marketing and Communications Network with the International Education Association of Australia, IEAA, a role he held for two years.

Ms Tamar Lewit's academic activities in 2018 included co-authoring an 18,000 word research article, which has been accepted for publication by a highly-ranked European journal, P. Burton, and T. Lewit, 'Pliny's Presses: the true story of the 1st century wine press', *Klio* 101.2 (2019). She also wrote a popular article for the University of Melbourne magazine, which was read more than 2000 times, and re-published with a further nearly 2000 reads by the US magazine *Futurity*, which reports on research at top global universities such as Princeton and Stanford: T. Lewit, 'Pressing Matters in the Roman World' *Pursuit* (October 2018). She presented a paper entitled 'Resilient communities in the late antique countryside? Paradigms of interpretation in the light of new archaeological evidence' to the Roman Archaeology Conference, Edinburgh University, session on The Mediterranean Countryside in Late Antiquity (AD 300-600). She also presented 'Invention, Innovation or Tradition? Using texts, archaeology, ethnography and comparative history to reconsider agricultural technology in the Roman Empire', a seminar with P. Burton (ANU) to staff and students,

Ancient World seminar series, School of Historical and Philosophical Studies, University of Melbourne; 'Apocalypse, adaptation, or apogee? Exploring the material context of the early Church in the countryside from Constantine to Gregory the Great', to Institute for Religion and Critical Inquiry, Australian Catholic University; and 'Guard dogs, boiled ostrich and pig pens: animals and everyday life in ancient Rome', to the Lyceum Club Classics Seminar. In 2018, her academia.edu page was rated in the top 0.5% of more than 30 million registered researchers worldwide (Feb 2018) and is currently rated top 5%. Her academic research has been cited in highly ranked global journals, including the *Journal of Roman Archaeology* 31 (the highest ranked Classical Archaeology journal in the world). In January, her position as Honorary Fellow at the University of Melbourne was renewed. Along with her research, Tamar is currently collaborating with an award-winning Australian novelist on a children's novel set in 4th century Roman Gaul.

In October, **Dr Sarah Dowling** was declared the Australia and New Zealand regional winner of the 2018 Turnitin Global Innovation Award for Excellence in Academic Integrity. The award recognises commitment to academic integrity and innovative use of the Turnitin software to support student learning. Sarah earned her Level 5 Award in Management and Leadership in October, following six months of online study. Sarah also co-judged and presented the annual W.B. Yeats Poetry Prize for Australia.

Dr Peter Campbell is a Justice of the Peace for Victoria. He serves as Chair of the Student Services Committee of the University of Divinity and is an Honorary Research Fellow in the Melbourne Conservatorium of Music, the University of Melbourne. He continued as a member of the editorial committee for *Context: A Journal of Music Research*, as Treasurer of the Victorian Chapter of the Musicological Society of Australia (MSA), and as Treasurer of Ensemble Gombert Inc. Two refereed book chapters appeared during 2018: 'The Politics of Music in a New Society: Musical and Social Development in Canberra's First 100 Years', *Diversity in Australia's Music: Themes Past, Present and for*

the Future, ed.
