Hostels for students under 18

Trinity College works closely with a number of student hostels that provide accommodation specifically for international students. Hostel rooms are furnished and are usually within walking distance or a short tram ride from Trinity College.

Students usually have their own bedroom but share a bathroom, kitchen and living spaces with other residents. Costs for electricity gas and water are included in the student’s rent.

Places are limited so early application is advisable.

Meals: Some hostels provide meals so cooking skills are not necessarily required. Facilities vary from hostel to hostel.

Internet: Each accommodation option offers a unique internet and phone package. Further information and rates can be obtained directly from each provider.

NOTE: Students usually need to commit to staying in their accommodation choice for at least six or 12 months under a lease agreement or contract. If a student vacates before the end of the lease/contract period, he/she may still be required to continue paying the rent for the duration of the original lease/contract.

As per the Residential Tenancies Act 1997 (VIC), penalties apply to break a lease/contract. These penalties should be discussed with the accommodation provider prior to accepting or signing a new lease/contract.
Hostels with meals for students under 18 approved by Trinity College

Private Rentals

The option of private rental accommodation provides students with greater independence and also the responsibility of cooking. Some choose to share a house or flat with other Trinity College Foundation Studies students. It is advisable that students ensure they can live comfortably with the others and agree on house rules.

Private rental arrangements are not an option for students under the age of 18.

Note for students under 18: your visa is approved for you to stay at your current accommodation. Failure to comply may result in cancellation of your student visa.

Should you have any accommodation queries, please contact the Trinity College Foundation Studies Accommodation Office.
