## REPORT OF THE EXECUTIVE DIRECTOR

It gives me great pleasure to present my fifth report on the activities of the Trinity College Foundation. 2011 proved to be a challenging year financially both within Australia and around the world. The loss of confidence in Europe touched Australia and we were confronted on a regular basis by forecasts of impending doom and gloom. There was a genuine concern that this would translate into diminished support for the College with its concomitant impact on College programs. The end result for the year, however, was far from gloomy. Set a budget target of \$2.2 million in cash receipts for the year, the Foundation passed the target in early December, and completed the year with a total of \$2.3 million. Of that amount, some \$441,243 came in donations to the Annual Giving Program, a record for Trinity. The College enjoyed the financial support of 718 donors during the year, and most excitingly, there were almost 140 new donors making their first gift. The Foundation remains in a strong financial position and through careful management of its investments continues to support the vision and goals of the College according to its own mission.

These simple financial figures present a very positive image of the College and its base of support. Many of the supporters of the College contributed over several years, either through a pledge, or more recently, through making considerable gifts on an annual basis to provide scholarships for our students. In 2011, about 50% of all Trinity students in the Residential College received financial aid at some level. A number of students in both the Theological School and the Foundation Studies Program also received

some financial assistance and about \$1.2 million was disbursed across the College for student and teaching support. As part of his ongoing commitment to Trinity College, Professor Alan Shaw (TC 1935) created the Alan and Peggy Shaw Endowed Scholarship, which will provide the equivalent of three full scholarships a year for Trinity students in need. This is a most generous gift to Trinity and adds to other significant gifts Professor Shaw and his late wife Peggy have made to the College.

The year held a number of highlights for the Foundation and the work of the Advancement Office. Online giving opportunities were introduced in the first half of the year and almost 70 donors took advantage of this facility. We undertook an initiative to seek support for the transformational Dining Hall project not only from regular donors to Trinity, but from alumni who had not been in a position to offer support before, and from current parents. The result was very strong with a good number of first-time donors committing to naming a chair in the newly renovated Dining Hall, and many parents enthusiastically helping us improve the facilities for students and staff at the College. The incoming TCAC, led by Senior Student, Sean Hewetson, has also embraced the practice of philanthropy and is looking actively to harness the potential of current students and recent young alumni to build further the philanthropic culture, which is a hallmark of the College.

During the year, members of the Warden's Circle were invited as guests to both the College Play (*Glengarry Glenross*) and the College Musical (*Footloose*). More than 20 guests attended on each occasion and were able to enjoy the remarkable depth of talent from within the ranks of the student body. The Warden's Circle members were also invited in November to the home of Marion and John Poynter AO (TC 1948) and upward of 70 people enjoyed their hospitality and a most instructive lesson in inner city working gardens. Further entertainment was provided by the popular Trinity Tiger Tones.

The Leeper Society is another important group within the Foundation membership, with each of the current 116 members having committed a legacy to the College as part of their estate. Twenty-three members joined the former Rusden Curator of Art, Nina Waters, for a guided tour around the newly refurbished Grainger Museum at the University of Melbourne, followed by afternoon tea with the Warden in the Old Warden's Lodge. While there were some newly notified bequests during the year, we sadly noted the deaths of five members. During the year significant bequests totalling \$417,000 were received from the estates of Bill Bockholt (TC 1947), Jim Gardiner (TC 1940), Ronald Lucas (TC 1951), Albert McPherson (TC 1960) and Judith Wright.

There was a full range of alumni and College wide events during 2012, which were all supported by the Advancement Office and members of the Foundation. The 20 year, 30 year, 40 year and 50 year reunions were very well attended, as was the Seniors' Lunch

for those who left Trinity 51 years or longer ago. Alby Twigg (TC 1951) gave a witty and stirring Toast to the College for the more than 80 who attended the lunch. This lunch was in the same week as a special afternoon event at which a number of works by Philip Sargeant (TC 1952) were presented to the College, with 50 people attending the afternoon tea. At their special request, alumni from 1986 and 1987 arranged a special reunion at which 60 alumni enjoyed reconnecting with their friends at a cocktail party held in the Old Warden's Lodge. The year concluded with a full Chapel for both Carol Services.

The Union of the Fleur-de-Lys supported the traditional Drinks Under the Oak in March 2011, and 170 alumni attended. Later in the year, the Union held a Celebration of Sport Dinner with a galaxy of Olympian stars taking part on a panel. Sixty alumni attended this dinner, while a further 65 alumni attended a special TCAC Past and Present Dinner. There were two Breakfast in the City gatherings during the year, and we were most grateful to our hosts, Ian Ward-Ambler (TC 1983) and Charles Sitch (TC 1978).

The Foundation was active in its support of the Choir of Trinity College, and in September the Choir toured to Sydney where it performed to a congregation of about 150 at St James' Church. This also provided an opportunity for the Warden to host a very successful special lunch for a number of current parents and friends. He also hosted a reception in Adelaide for 20 alumni and friends while visiting St Peter's School.

As Director of Advancement, I travelled overseas in the middle of the year and had successful meetings with a range of alumni and friends of the College in Kuala Lumpur, Singapore, London, New York, Toronto, Los Angeles and Auckland, with small but successful gatherings in both London (with the Warden) and New York as well as individual meetings. It is pleasing to note the strength of goodwill, which overseas families and alumni harbour towards Trinity, and to see that translated into tangible financial support, especially from within South East Asia and New Zealand.

The Advancement Office itself experienced changes during the year. Physically, Advancement and the Foundation are now located on the first floor of Leeper, the old downstairs offices having been demolished as part of the Dining Hall redevelopment plans. After some 13 years working at Trinity College in various capacities, the last three in Advancement as Associate Director Community Relations, Vincent Ramos (TC 1997) moved to the USA with his wife. Nicole Crook has taken over his slightly redefined role as Associate Director Alumni Relations. After two years at the College as Associate Director (Major Gifts), Astrida Cooper left Trinity at the end of the year to take up the role of Director of Philanthropy at Ivanhoe Grammar School.

The work of the Advancement Office is varied and wide-ranging. I am fortunate to be supported by staff who show great passion for their work, and have an unflagging enthusiasm and energy in all they do. I thank them for all their work, and also express my

thanks to the Executive Committee of the Foundation, chaired by Dr Graeme Blackman OAM, for their diligence and their support of all that the Foundation and Advancement Office undertake.

This Annual Report provides a snapshot of the wide-ranging activities and initiatives, which are supported across Trinity by the work of the Foundation. It also contains lists of all those who have supported the College so generously during 2011. I hope you will take time to look at the real differences which the work of the Foundation and your generosity make to the students and staff who call Trinity their home.

Director of Advancement

# THE CHAIRMAN REFLECTS ...

Over the past three years, since the structure of the Foundation was modified to reflect the changes in the College and Board structures, I have seen a strong performance across all elements of the Foundation itself. While some long-serving members of the Executive have completed their time, we have been renewed and refreshed by new faces who have already made their mark through their involvement in a variety of activities and initiatives. In 2011 we welcomed Michael Munckton (TC 1972) and Ian Solomon (TC 1989) to the Executive and very much look forward to their contributions over the coming years.

2011 was dominated by economic uncertainty across the globe, and despite the more positive signs within Australia, there were downward trends, and a general sense of unease. Despite this, the Foundation continued its work steadily and effectively, surpassing its target of \$2.2 million in cash raised during the year. This in itself was a notable achievement, and the initiative to ask for support from previous alumni non-donors for the Dining Hall project was especially successful. Almost \$500,000 was raised towards the project, with almost \$120,000 coming from the alumni non-donor initiative. The year also yielded the highest annual giving result for the College, with more than \$438,000 being raised as part of the overall total. This was another very fine result. In the last three years we have raised just over \$9 million in cash receipts for Trinity, an exemplary effort at a time of financial uncertainty.

The outcomes of the work of the Foundation are clear for all to see. Work commenced on the Dining Hall renovation and development late in the year and we look forward to seeing the Hall reopened in mid 2012. The grounds look magnificent largely because of the water tanks, which were installed in 2009 and partly funded by Foundation activities. The new tree plantings around the Bulpadock are starting to take shape, and again many of these are sponsored by Foundation members. And the College was filled with young, enthusiastic and gifted students from around Australia and overseas, more than 50% of whom received some level of financial aid from Foundation resources.

There is no doubt that the Trinity College Foundation is strong and effective, and it contributes in many ways to the vibrancy of the College, as well as to its long-term financial sustainability. I extend my thanks to all who have supported the Foundation this year, and in the past, and encourage everyone to continue their commitment to Trinity as it continues to build for the future and maintain its position as the leading philanthropic College at the University of Melbourne. Through the Foundation, Trinity is able to offer educational opportunities to deserving students whatever their means, and so helps continually to transform lives and nurture the leaders of the future.

I thank all the members of the Foundation Executive Committee for their diligence and hard work during the year. I commend the work of all the professional

staff in the Advancement Office and thank them for their efforts on behalf of the Foundation and the College. It has been a privilege to serve as the Chairman of the Foundation Executive for the last three years, and I know that it will continue to thrive and develop in coming years.

Dr Graeme Blackman OAM

AT TRINITY COLLEGE THE OPPORTUNITIES ARE BOUNDLESS, AND I AM OFTEN OVERWHELMED BY THE MANY POSSIBILITIES AVAILABLE TO YOUNG SCHOLARS LIKE MYSELF. IF IT WERE NOT FOR YOU, THIS WORLD OF PROMISE WOULD HAVE REMAINED CLOSED TO ME.

# FUNDS PERFORMANCE

The Foundation raised some \$2.2 million in donations in 2011 and booked investment income of \$0.8m. These donations, unless they were for a specific activity being undertaken by the College in the current year, are invested across segments of the investment market based on weightings determined in conjunction with our investment advisors, JANA Investment Advisers Pty Ltd. The funds are invested in Australian and international equities, debt and liquid securities. The Foundation does not invest directly in securities but utilises recommended fund managers specialising in the various market segments.

The weightings of our investments into the various segments determine a benchmark portfolio return, which measures the results from investments in sectors against the expected performance. The overall objective is to maintain the corpus of the Foundation funds in real terms so that inflation does not diminish the purchasing power of the endowed funds over time. To achieve this and to provide for at least a 4% return from the corpus to be utilised by the College each year, we also measure our performance against the benchmark of Consumer Price Index (CPI) plus 5%.

The 2011 Foundation's investments performance (refer table below) were prepared based on reports provided by JANA, the Foundation (and the College's) investment advisors, and show a negative performance of 3.7% in 2011. This compares favourably to the performance of the benchmark portfolio (a negative 5.6%) however falls short of the performance objective of CPI plus 5% over the five-year period. (Please note that the performance objective measures performance over a rolling 5-year period).

Performance to 31 December 2011	1 Yr %	5 Yr %	Since Inception
Trinity College Foundation	-3.7%	1.1%	6.6%
Benchmark Portfolio	-5.6%	-1.8%	4.7%
Performance Objective		7.9%	7.9%

The performance of the Foundation's investments, as with the market generally, was adversely affected by the sovereign debt crisis in Europe, market caution and uncertainty leading to the continued market volatility and low economic growth in various markets. 2011 experienced some significant periods of swing with two positive quarters – the March and December quarters – and two quarters of negative returns – the June and September quarters.

The Finance and Investment Management Committees continue to actively monitor the funds performance together with JANA in order to maintain the target of a rolling five-year performance of CPI plus 5%. The Committee decided to take the profits from Principal Global investment in 2011, which resulted in a profit to the Foundation of \$669,000. The proceeds from the sale of Principal Global were re-invested in Bentham Syndicated Loan Fund (\$1m) with the balance held in the Aberdeen cash enhanced fund as at 31 December 2011. The managers of the Hastings Yield Fund have decided to wind down this investment trust, which will result

in this investment being returned to the Foundation over the next two years. This has also resulted in the reclassification of this investment as a Current Financial Asset rather than an Available for Sale Financial Asset. This reclassification has meant that the difference between cost and market value had to be taken to the profit and loss resulting in an unfavourable impact of \$214,000 in 2011.

As reported previously, the Trinity College Board resolved to carry the shortfall between the market value and cost in an Available for Sale Investment Revaluation Reserve in the balance sheet rather than take a charge to the profit and loss at that time. The Directors took the position that the investments are a long-term asset of the Foundation and therefore any movement should be reflected in the balance sheet rather than the profit and loss. Any impact on the profit and loss would only be taken to account when an investment was sold. As a consequence, when the units were sold in 2011, the market increase was taken to the profit and loss. This is consistent with the Foundation's (and College's) policy and consistent with Australian Accounting Standard AASB 139 Financial Instruments: Recognition and Measurement.

The Foundation provided the needed funding for the College's requirements both from an operational and capital program perspective.

Disbursements to Trinity College in 2011 totalled \$2.5m and included such major items as scholarships \$906,000, funding the Campaign \$465,000, the Gourlay Visiting Professor of Ethics in Business program, \$114,000, the BA Extended program, \$105,000, general buildings and grounds works of \$299,000, Warden's Discretionary fund for student financial aid support, \$123,000, Theological School Fund, \$227,000 and the Theological School studentships and lectureships of \$49,000.

As stated above, the Investment Management Committee, Finance Committee and the Board continue to monitor the funds' performance and to work closely with JANA on charting a course that endeavours to maintain the real value of endowments and still meets the needs of Trinity College.

As stated above, the Investment Management Committee, Finance Committee and the Board continue to monitor the funds' performance and to work closely with JANA on charting a course that endeavours to maintain the real value of endowments and still meets the needs of Trinity College.

# FOSTERED BY PHILANTHROPY

TRINITY COLLEGE AIMS TO PROVIDE TRANSFORMATIVE EDUCATIONAL EXPERIENCES FOR TALENTED STUDENTS FROM DIVERSE BACKGROUNDS. EMPOWERING THE COLLEGE IN ITS PURSUIT OF THIS GOAL IS THE EXTENSIVE SUPPORT RECEIVED FROM ALUMNI AND FRIENDS WHO SHARE THIS VISION.

THE FOLLOWING OFFERS A SNAPSHOT OF PHILANTHROPY AT WORK IN TRINITY COLLEGE IN 2011:

DUE TO LIVING SO FAR FROM MELBOURNE I WOULD NOT HAVE BEEN ABLE TO AFFORD LIVING AND STUDYING, SO THIS SCHOLARSHIP HAS GIVEN ME A GREAT OPPORTUNITY TO CONTINUE MY STUDY SO THAT I CAN GIVE BACK TO MY COMMUNITY IN THE FUTURE. I AM PLANNING TO PRACTICE MEDICINE WITHIN INDIGENOUS COMMUNITIES IN RURAL AREAS WHERE IT IS MOST NEEDED.

## DINING HALL RENOVATIONS

The College has undertaken a major renovation and development of the historic Dining Hall, which will include an additional modern café with WIFI hotspot and an outdoor eating area as well as a new interior for the Dining Hall itself. Work commenced in November 2011 and is on schedule for completion in time for Semester II, 2012. The Foundation is committed to raising at least \$1 million for this project and opportunities exist for supporters to name one of the refurbished '1880' chairs.

## THE CHOIR OF TRINITY COLLEGE

The Choir continues to delight and captivate under the directorship of Michael Leighton Jones. In 2011, the Choir travelled to Sydney and performed extensively in addition to the many performances at Trinity, the Melbourne Recital Centre and St Paul's Cathedral. Financial support for the Choir enables it to continue its magnificent work as part of Trinity College.

## COLLEGE MUSICAL – FOOTLOOSE

The Musical for 2011 was Footloose, a huge success amongst the performers and audience alike. As part of the activities around the Musical, the students held a major fundraising event with Li Cunxin as guest speaker. The funds have helped to secure the future of the Musical Theatre Society and its place as the only such group around the University to produce a musical every year.

## GIFTS IN KIND

Trinity is fortunate to receive many gifts in kind which add hugely to the cultural holdings of the College. These in turn enrich the environment and amenities for all who live and work at Trinity. Amongst the many gifts received in 2011 was the very fine sketch by Fred Jessup from former Warden, Professor Robin Sharwood. The sketch was the basis for the much-loved portrait of Professor Sharwood which hangs in the Sharwood Room.

## YOUNG LEADERS PROGRAMS – JAZZ & SOCIAL JUSTICE

The Young Leaders' programs including the Juilliard Jazz School operated successfully again and brought a wide variety of younger people from around Australia and the world to Trinity for the short-term courses and activities. A range of scholarships and bursaries ensured that the opportunities were available to many of the participants.

## LEEPER SOCIETY

The Leeper Society exists to recognise those who have indicated that they intend to leave a bequest to the College in their will, and also to encourage others to think about that possibility. Bequests are an enormously important part of the financial future of the College, and we value every person who considers Trinity as part of their charitable intentions. Each year the Leeper Society members visit an interesting location, in 2011 members toured the Grainger Museum at the University of Melbourne.

## BARRY MARSHALL LECTURE

The Trinity College Theological School celebrated Barry Marshall's life and ministry at Trinity with the 41<sup>st</sup> Barry Marshall Memorial Eucharist and Lecture. Dean of the Theological School and Frank Woods Distinguished Lecturer in Biblical Studies, the Revd Dr Dorothy Lee, presented the lecture *Faith in Word and Deed: Martha and Mary in Gospel Context*.

## PLANT A TREE

Fifteen Japanese Zelkova trees were planted around the Bulpadock as part of the Grounds Masterplan, following the removal of several senescent and potentially dangerous trees. More Zelokovas will be planted over the next two years. Each tree may be sponsored to commemorate an individual, family or year group at the College, and so provide a very long-term tribute.

## STUDENT SCHOLARSHIP SUPPORT

In 2011 more than \$800,000 was disbursed to about 50% of the residential students at Trinity. This support enables the College to fulfill its goal of enhancing equity and diversity across the student community. Such assistance is available only through the generosity of many individuals, and also from a number of external Trusts and Foundations.

THIS SCHOLARSHIP TO TRINITY HAS NOT ONLY PROVIDED A PLACE OF RESIDENCE, BUT ALSO MANY WHOM I BELIEVE TO BE LIFELONG FRIENDS, A SECURE YET FEARLESS ACADEMIC ENVIRONMENT AND A PLACE IN WHICH I DO NOT FEEL AFRAID TO CHALLENGE MYSELF A LITTLE FURTHER.
